SERVICE OFFERINGS

Driver Outsourcing and Staff Support Service

We are a leading provider of transport personnel (drivers) to a host of organizations for both corporate and private use. Our pre-qualified database of

courteous and constantly trained drivers that can be called up as the need arises, is one of our key service differentiators. Our pool of drivers are experienced and fit for purpose;

whether private or corporate use. Invariably, a lot more organizations are embracing outsourcing of drivers as the cost benefit evaluation shows this model as most beneficial. Our driver support service has saved our clients the enormous associated costs of managing drivers as house staff.

Staff Logistics

We provide reliable logistic service for the movement of staff to and from the work place. Our extended enterprise alliance model network enables us to

manage this function for organizations in every state of the country. Indeed from the various testimonials of our clients, they have conceded that outsourcing this critical function to us has increased staff productivity, and significantly reduced the administrative burden and running cost to their organization. Increasingly a growing number of organizations are now showing preference for outsourcing as a preferred logistic cost saving option as we remain in an era of challenging global economic times.

Learning Center

Realising the need to bridge the human gap in service delivery through continuous training, Gieoz provides various capacity building programs designed to ensure that your

drivers/dispatch riders attain and maintain the required level of proficiency that guarantee the safety and security of your vehicle fleet and also the comfort of being driven. We also offer courses that increase /enhance the skills of those involved in the management
